

Empowering Nationwide Delivery, The Smart Way

From Dhaka to the most remote village — Gontobbo brings you a seamless, tech-enabled parcel delivery experience across all 64 districts. Book, track, and deliver with confidence through our smart logistics network, built for real-world impact.

Smart Parcel Booking
Merchants can book parcels instantly with real-time tracking ID generation and automated delivery zone detection, making the booking process fast and frictionless.

Delivery Across 64 Districts
Seamless parcel delivery coverage across all 64 districts of Bangladesh, connecting urban centers to the remotest villages with guaranteed home delivery.

Warehouse & Hub Management
Gontobbo ensures organized parcel handling through intelligent warehouse coordination, temporary storage, and optimized routing via district hubs.

Cash on Delivery with Commission
Agents collect payment upon delivery, and merchants are notified instantly. Delivery agents earn commission for each successful transaction.

Admin-Controlled Logistics Flow
Admins manage pick-up, transit, inter-city movement, and delivery assignment in real-time with full visibility into the parcel lifecycle.

Reverse Delivery & Exchange
End customers can return or exchange parcels using our integrated reverse logistics, making Gontobbo a truly flexible and customer-friendly platform.

Focused on What Matters Most...

Live GPS Tracking Across 64 Districts
Experience real-time parcel visibility from village doorstep to capital center. With GPS intelligence and district-level mapping, you'll always know exactly where your parcel is — no blind spots, no guessing.

Delivery Agents with Verified Identity
Each delivery is handled by a verified, trained agent—ensuring your shipment is always in safe, trustworthy hands. Track agent identity, movement, and rating in one secure system.

Lightning Fast Urban Express
Intra-city express delivery in under 6 hours with dedicated high-speed riders. Gontobbo turns every second into speed, keeping your delivery ahead of the clock.

Reverse Pickup Within 24 Hours
Change of mind? No problem. Schedule return pickups within 24 hours from any district with the same smooth experience as your original delivery.

Intelligent Auto Pricing
No surprises. Gontobbo calculates parcel fees automatically based on weight, distance, and urgency — instantly and accurately, every single time.

24/7 Human + AI Support
Our hybrid support team combines intelligent bots with real people to solve your issues fast — whether it's 3PM or 3AM.
